The Vegas Pool Party and Nightlife scene continues to grow with another entrant into the ever-expanding dance music culture. Drai's Beach Club and Night Club has just announced their first ever residency lineup, announcing today that Eric Prydz would be at the helm of their foray into the City of Sin. Not only is the king of progressive house taking the reins, but he is supported by a star-studded cast of talent including Adventure Club, Showtek, DVBBS, Arty, MAKJ, 3LAU, Sidney Samson and 12th Planet.

The lineup doesn't stop there, Spinnin' Records added Quintino, Ummet Ozcan, Borgeous and VINAI to the lineup, while HELENA, DJ Irie, Sick Individuals and Project 46 close out the roster for the rooftop club, The Cromwell.

"I've been dreaming about a rooftop experience for 15 years," Drai said in a statement. "Now with The Cromwell, I'm making that dream a reality. It's sophisticated, it's sexy, and it's everything people love about coming to Las Vegas."
